## Artisan Wall Tiles

### Temporary Wallpaper Wonders

Don't despair over your cruddy renter's walls. **Artisan Wall Tiles** has a solution no landlord could object to: **temporary fabric wall tiles**. With snazzy designs, including a **collection featuring the art of designer Jack Denst**, your permanent or temporary abode can be a place you'd love to live in forever.

**Niki O'Dowd**

*“Renting or an inability to commit shouldn't take wallpaper out of the picture. It was the redesign of my own Chicago apartment as well as my access to Jack Denst's original wallpaper screens from the 1960s that inspired me to create this line.”*

– Niki O'Dowd, Creative Director, Artisan Wall Tiles
